IV. Plan Review Required

Plans must be submitted with an application for Plan Examination and the appropriate deposit before a permit can be issued, except as listed below.

Plans are not required for the following:

- When the electrical system rating does not exceed 400 amps and the building is not over 3,500 square feet in area.
- Work completed by a governmental subdivision or state agency costing less than \$15,000.00.

If the work being performed is described above check the box below "Plans Not Required".

What is the rating of the service or feeder in ampere? _____ What is the building size in square footage? _____

Plans are required for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature.

Plans Not Required

V. Applicant Signature

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subjected to civil fines.

SIGNATURE OF LICENSEE OR HOMEOWNER (Homeowner's signature indicates compliance with Section VI. Homeowner Affidavit)	DATE:

VI. Homeowner Affidavit

I hereby certify the electrical work described on this permit application shall **be installed by myself in my own home** in which I am living or about to occupy. All work shall be installed in accordance with the Michigan Electrical Code and **shall not be enclosed, covered up or put into operation** until it has been **inspected** and **approved** by the Plumbing Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary inspections.

TOTAL FEE

IX. Instructions for Completing Application

GENERAL: Electrical work shall not be started until the application for permit has been filed with the building department and all fees are paid. All installations shall be in conformance with the Michigan electrical code. **No work shall be concealed until it has been inspected, tested and approved.** When ready for an inspection, please telephone the inspection request hotline number: 586-466-1402. You will need the job location, permit number and type of inspection. All code questions may be directed to the Electrical Inspector at 586-466-1432. Office hours are 8:00AM – 9:00AM.

EXPIRATION OF PERMIT: A permit remains valid 180 days after date of issuance as long as work is progressing, and inspections are requested and conducted within 180 days. A permit shall become invalid if the authorized work has not commenced, or if the authorized work is suspended or abandoned for a period of 180 days after the time of commencing the work or last inspection. Invalid or expired permits cannot be extended or refunded and will require a **renewal fee at half the cost of the permit fee**. The Building Official is authorized to extend a permit, provided a written extension request is submitted, prior to the expiration, and justifiable cause is shown.
